QUERSCHNITT

A two-story white building with a grey tiled roof. The upper floor has four windows with dark shutters. The ground floor has several windows, some with white frames and others with light-colored panels. A small tree is in front of the building. A blue parking sign with a white 'P' and the word 'Privat' is visible. The number '4' is on the wall near the entrance.

A silver sedan parked on a cobblestone-paved area.

A green utility pole with a street sign that reads "Talweg" and a blue circular sign with a white diagonal line, indicating a "no parking" zone. Below the blue sign is a smaller white sign with black text that reads "Privatbesitz" and "Kein Halten".

A smaller building with a wooden gable roof and a large red garage door. The building has a light-colored facade and a small circular window in the gable. A red door is visible on the side of the building.

A cobblestone-paved area in the foreground, likely a parking lot or driveway.
